Don't caught looking with standard document distribution...

Tired of manually delivering Direct Deposit Statements?

Liaison Messenger® EFT-DD (Direct Deposit) adds secure emailing of Direct Deposit statements and even W-2 forms.

Liaison Messenger EFT-DD stores the employee's preference and password. Then 128-bit encryption is used to email their Direct Deposit statements and other payroll documents, if applicable.

Once Payroll is processed in your accounting system simply select the Liaison Messenger EDD **virtual printer** driver when printing.

Accounting Integration

- Microsoft Dynamics AX
- Microsoft Dynamics GP
- Microsoft Dynamics NAV
- Microsoft Dynamics SL
- Sage ERP X3
- Sage PFW
- Sage Process PRO
- Sage 100 ERP
- Sage 300 ERP
- Sage 500 ERP
- SYSPRO™
- Infor VISUAL ERP

Automate distribution with Liaison Messenger EFT-DD

Just print with the Liaison Messenger EDD **virtual printer** driver using your normal procedures. Liaison Messenger EFT stores distribution preferences (email, fax, or print) by employee as well as storing recipient preferences by payroll document type, if applicable.

Liaison Messenger EFT-DD's password protected auto-archiving provides the ability to easily reprint and retrieve previously distributed direct deposit statements at any time.

Eliminate the following

- Manual printing and sorting
- Labor associated with folding, stuffing, sealing envelopes
- Forms and envelopes cutting costs .50 -.80 per employee

If you wish to upgrade Liaison Messenger EFT-DD to the full Liaison Messenger EDD product at a later date, installation is a 30 second process since we use your existing setup.
